This charge is applied to all shipping or receiving documents that required proof of delivery or pickup. Kymat Inc. will not be liable for any costs and/or fines as a result of not obtaining either or any other form of supplementary proof of delivery.
28. **SECURING AND PACKAGING OF GOODS BEFORE TRANSPORTING** It is the sole responsibility of the shipper to ensure that all freight is to be steel or green plastic banded with 2 bandings on each side of the skid (not material banded), corner boards placed on all 4 sides of the pallet from top to bottom, tightly shrink wrapped and all freight must be placed on the inside of a CPC pallet (leaving no freight overhanging the skid). Skid dimensions must not exceed 48"L x 40"W x 48"H. The carrier is not liable if the shipper does not comply to the above mentioned.
29. **CUBE (DENSITY):** Formula = Length x Width x Height / 172.8.
Example: 48" x 40" x 48" = 92160 / 172.8 = 533 lbs.

We have a cubic calculator [Available Online at: www.kymat.ca](http://www.kymat.ca).

If this amount is more than the actual weight of the shipment then the cubed weight would apply to calculate the freight charges.

All skids are subject to a minimum shipping weight of 533 pounds per skid and based on standard CPC skid dimensions 48"L x 40" W x 48"H per skid.

If the waybill or skid is marked "**Do Not Stack**", or it is impractical to load other freight on top of shipment, the height of 96" will apply.
30. **LINEAR FT. SHIPMENTS:** **1 Linear foot = 1000 pounds**
All rates are subject to 10 pounds per cubic foot or 1000 pounds per linear foot when 10 feet or more of the floor space is required.
